

### SAS Installation

Complete SAS provisioning service

### SAS Administration

Certified and expert SAS administrators

### SAS Hosting

Experienced SAS and AWS experts

## SAS® Administration Services

### A global team of expert SAS® administrators

Maintaining a SAS® environment requires a lot of skill and attention to detail. Our global team of administrators deliver unparalleled services at a fraction of the cost of a full-time administrator.

### Core benefits

No matter where in the world you are, our SAS® administrators can help you optimise your analytics environment.

Leverage a team of experts at a fraction of the cost of a full-time, in-house administrator.

We take care of your SAS environment and let you focus on what truly matters – growing your business!
