Experienced SAS and AWS experts

SAS® Hosting Services

A global team of SAS® and AWS experts

As founding members of the SAS® Cloud Innovation Council, our team consists of thought leaders and initiators of best practices - providing our clients with solutions that optimise their SAS® in the cloud.

Core benefits

Leverage the latest cloud-hosting technologies for greater operational speed, agility and cost savings.

Combine your SAS® Cloud Hosting environment with your company's diverse array of systems.

Integrate your environment with on-premise or cloud-based Active Directory and databases.
